PROJECTS

AssignMate Website | April 2025 - Now

- Technologies: HTML, CSS, JS, Nodejs, PHP

Currently working on a fully responsive website for students and teachers to upload, download assignments and PPTs. The website features are:

- Student side: Download and Submit assignments and PPTs and check their marks.
- Teacher side: Upload and check submitted assignments and PPTs and upload their marks.
- Admin side: Admin side have full access of this website.

Ensured smooth navigation and enhanced user experience by optimizing performance for fast load times. Implemented dynamic UI components and focused on responsive design to deliver a seamless experience across all devices.
